# New Hope Curbside Clean Up

It's clean up time! Round up the junk from your basement, garage, back yard, or attic and get it to the curb for the Fall Curbside Clean Up. Here is your chance to pile general junk, broken toys, unusable furniture such as a desk, couch, chair, table, lamp, scrap metal and appliances at your curbside and we'll take it for you! Residents who pay the city for curbside recycling service (single family through eight unit households) may participate in this event. Funds collected through the recycling utility pay for the cleanup. The clean up will be done according to the recycling/garbage collection zones as listed below:

## Recycling Day

Tuesday (south of 42<sup>nd</sup> Ave N)

Wednesday (north of 42<sup>nd</sup> Ave N)

## Curbside Clean Up Collection Day

Saturday, September 24, 2011

Saturday, October 1, 2011

## How to Participate:

- Set materials at the curb *before 7 a.m.* on your collection day. Collection will be done from 7 a.m. to 7 p.m. **Trucks will go through only once and only on your designated collection day.**
- If you miss your curbside pick-up, please call your regular trash hauler who will pick up your waste for a fee at your expense.
- Do not put materials out more than *two days* before the scheduled cleanup day.
- Please separate items into three piles; refuse, scrap metal, and appliances (limit two appliances per household). Place the appliances and scrap metal on the opposite side of the driveway of other waste.
- Note: Three separate trucks will go through the neighborhood at different times to pick up the different types of waste.
- Please do not attempt to help the hauler load your material.
- NO T.V's, NO Computers, NO Propane Tanks, NO Batteries, NO Tires will be collected.
- Only households that pay for City Recycling Services are eligible for the collection.
- Contact Recycling program administration at 763-493-8006 with questions.

*(See other side for more details)*

## WHAT WILL BE COLLECTED AT THE CURB:

(Do not place items in garbage/recycling container!)

- **General junk:** Boxed or bundled—under 100 pounds per item. No household trash, such as food.
- **Carpets/carpet pads:** Rolled and securely tied. No longer than five feet and no wider than one foot in diameter—larger rolls cause handling problems.

- **Lumber:** Stack lumber and remove or bend nails. No longer than five feet. **No railroad ties.**
- **Mattresses/box springs**
- **Scrap metal:** Metal desks and file cabinets, metal fencing, swing sets, bicycles and lawn mowers (drain fluids and remove gas cap). Must remove all non-metal parts. No item more than 100 pounds or longer than 5 feet will be accepted. **Place scrap metal in separate pile from other waste.**
- **Appliances:** Stove, refrigerators, washer, dryer, water heater, microwave, air conditioner, microwave, furnace, dishwasher, dehumidifier. Limit of two appliances per house. (No ammonia-gas camper appliances) Empty appliances and tie/tape appliance doors shut and place on opposite side of driveway of other waste.
- **Unusable Furniture:** Tie and secure hide-a-way beds individually so they cannot open during handling.
- **Construction Materials:** Pile is limited to what can fit in a level standard-size pickup truck. No contractor or business related materials. Remove or bend nails flat.

- **All fluids must be drained from items to be collected.**

### IMPORTANT NOTICE

Residents who place "unacceptable" items at the curb or miss the cleanup date must schedule waste disposal at their own expense! City ordinances prohibit the storage of junk, waste, appliances, debris, or other items outside.

## DISPOSAL OPTIONS FOR ITEMS NOT ACCEPTED IN CURBSIDE COLLECTION:

Fees are charged for disposal of certain items, check with each business for details.
